MANNEQUINS

UNTITLED.

COLLECTION

POSES THAT **CONNECT**

A collection that needs no name…. UNTITLED, a carefree group of mannequins. Non-posed with a laid-back attitude.

A new generation waiting to take shape.
Unique in their individuality and standing strong together.

Using our latest digital techniques and sustainable materials, UNTITLED is more lifelike than ever. The positions are based on 3D scans of real individuals. The strength of a group is each individual member.

The UNTITLED is available in ABSTRACT and REALISTIC.
